Sprint 4 Report
A Code World
Team CodeA
12/3/17

The team does not need to stop doing anything because everything is going smoothly.

The team will practice our presentations because there are no more sprints after sprint 4.

The team will not need to continue anything because there are no more sprints.

User stories were completed, include item functionality for potions and arrows, enemy movement, and life system, title and end screen,. Incomplete user stories include artwork and sprites. The total number of hours required for our user stories was 32. The total number of days in the last sprint were 14 days.
